Franklin	2010	Renter occupied	greater than 100% of AMI	443

Notes: Counts refer to the estimated or projected number of households of each income and tenure type.

Sources: Estimates and projections by Shimberg Center for Housing Studies, based on U.S. Department of Housing Development, Comprehensive Housing Affordability Strategy (CHAS) dataset and population projections by the Bureau of Economic and Business Research, University of Florida.

Housing Units by Type, 2015-2019 5-Year Estimates

Geography	Single Family (1 att./detach.)	Margin of Error (+/-)	Multi-family (2 or more)	Margin of Error (+/-)	Mobile Home	Margin of Error (+/-)	Other	Margin of Error (+/-)
Franklin County	6046	336	1060	204	1612	262	-	13

Notes: Counts refer to the number of dwelling units in each type of structure. The ACS is based on an annual sample of US households. The margin of error (+/-) is based on a 90% confidence level; that is, there is a 90% probability that the actual value falls within the range provided by subtracting and then adding the margin of error to the estimate. If margin of error is greater than the estimate, result is not statistically significantly different than zero.
