Presenter: **Commissioner Elliott**

BRIEF SUMMARY:

At the City Commission's Regular Meeting on February 6th, 2024, DEP shared a presentation of planned improvements to the Chapman Botanical Gardens which it leases from the City of Apalachicola. After receiving community feedback, DEP presented an amended plan at the City Commission's Regular Meeting on March 5th, 2024 to reduce the size of the pavilion, alter aesthetics to appear more historical, and reposition the proposed restrooms as to not remove two live oak trees. The item was tabled to be brought back before the Commission in April for a decision.

If the City of Apalachicola chooses to deny DEP's proposal, this funding could be distributed to other State Parks. DEP's proposed improvements go hand in hand with the rehabilitation currently underway at the Orman House, and would serve not only as a boon for the historical tourism, but for the enhancement of amenities that can be regularly enjoyed by residents and their families.

The resources the State provides to these parks is unmatched by the City alone. It is in the best interest of the City of Apalachicola to continue pursuing a strong working relationship with DEP as a partner in environmental protection and historical preservation and approve the much needed improvements proposed to the Chapman Botanical Gardens.

RECOMMENDED MOTION AND REQUESTED ACTIONS: Final discussion and action on approval or denial of Chapman Botanical Gardens proposal as of 3/5/24

SUBJECT: Occupational License Tax Ordinance Amendment

AGENDA INFORMATION:

Agenda Location: Unfinished Business
Item Number: 2
Department: Administration
Presenter: Cutler Edwards, Sheneidra Cummings, P.J. Erwin

BRIEF SUMMARY: Our Occupational License Tax Ordinance and Fee Schedule was last revised in September 2005. The Occupational Classification System and Rate Structure need updating to reflect current and applicable occupations as well as bring the tax rates to appropriate amounts.

F.S. State Statute 205.0535 states that a municipality must establish an equity study commission, appointed by the City Commission to initiate a revision of the Occupational License Tax Ordinance and update fees. Each member of the study commission must be a representative of the business community within the City of Apalachicola. The task of the study commission is to recommend a revised classification system and rate structure. F.S. Statute 205.0535 does not state the size of the study commission.

The City Commission voted on November 7, 2024 to approve the committee and task City Staff to find volunteers in seven different business categories. On January 9, 2024, the City Commission approved Cutler Edwards, Chase Galloway, Clayton Mathis, Kristin Willis, Andrea Pendleton, Elinor Mount-Simmons and Kathy Robinson to serve as members on this committee.

During the months of February and March, committee members met to discuss the current categories of occupations/businesses and rates assessed for each designation. They are bringing to the Commission today their recommended list of categories and rates for approval beginning with the 2024-2025 fiscal year.

RECOMMENDED MOTION AND REQUESTED ACTIONS: Approve the Business License Ad Hoc Committee's recommendations for business/occupational license categories and new rate structure.

205.022 Definitions.—When used in this chapter, the following terms and phrases shall have the meanings ascribed to them in this section, except when the context clearly indicates a different meaning:

(1) “Business,” “profession,” and “occupation” do not include the customary religious, charitable, or educational activities of nonprofit religious, nonprofit charitable, and nonprofit educational institutions in this state, which institutions are more particularly defined and limited as follows:

(a) “Charitable institutions” means only nonprofit corporations operating physical facilities in this state at which are provided charitable services, a reasonable percentage of which are without cost to those unable to pay.

(b) “Educational institutions” means state tax-supported or parochial, church and nonprofit private schools, colleges, or universities conducting regular classes and courses of study required for accreditation by or membership in the Southern Association of Colleges and Schools, the Department of Education, or the Florida Council of Independent Schools. Nonprofit libraries, art galleries, and museums open to the public are defined as educational institutions and eligible for exemption.

(c) “Religious institutions” means churches and ecclesiastical or denominational organizations or established physical places for worship in this state at which nonprofit religious services and activities are regularly conducted and carried on, and also means church cemeteries.

(2) “Classification” means the method by which a business or group of businesses is identified by size or type, or both.

(3) “Enterprise zone” means an area designated as an enterprise zone pursuant to s. 290.0065. This subsection expires on the date specified in s. 290.016 for the expiration of the Florida Enterprise Zone Act.

(4) “Independent contractor” has the same meaning as provided in s. 440.02(18)(d)1.a. and b.

(5) “Local business tax” means the fees charged and the method by which a local governing authority grants the privilege of engaging in or managing any business, profession, or occupation within its jurisdiction. It does not mean any fees or licenses paid to any board, commission, or officer for permits, registration, examination, or inspection. Unless otherwise provided by law, these are deemed to be regulatory and in addition to, but not in lieu of, any local business tax imposed under the provisions of this chapter.

(6) “Local governing authority” means the governing body of any county or incorporated municipality of this state.

(7) “Person” means any individual, firm, partnership, joint adventure, syndicate, or other group or combination acting as a unit, association, corporation, estate, trust, business trust, trustee, executor, administrator, receiver, or other fiduciary, and includes the plural as well as the singular.

History.—s. 1, ch. 72-306; s. 1, ch. 73-144; s. 5, ch. 82-75; s. 31, ch. 84-356; s. 50, ch. 91-45; s. 69, ch. 94-136; s. 18, ch. 2005-287; s. 2, ch. 2006-152; s. 1, ch. 2011-78; s. 52, ch. 2023-8.

205.023 Requirement to report status of fictitious name registration.—As a prerequisite to receiving a local business tax receipt under this chapter or transferring a business license under s. 205.033(2) or s. 205.043(2), the applicant or new owner must present to the county or municipality that has jurisdiction to issue or transfer the receipt either:

(1) A copy of the applicant’s or new owner’s current fictitious name registration, issued by the Division of Corporations of the Department of State; or

(2) A written statement, signed by the applicant or new owner, which sets forth the reason that the applicant or new owner need not comply with the Fictitious Name Act.

History.—s. 1, ch. 94-87; s. 3, ch. 2006-152.

205.0315 Ordinance adoption after October 1, 1995.—Beginning October 1, 1995, a county or municipality that has not adopted a business tax ordinance or resolution may adopt a business tax ordinance. The business tax rate structure and classifications in the adopted ordinance must be reasonable and based upon the rate structure and classifications prescribed in ordinances adopted by adjacent local governments that have implemented s. 205.0535. If no adjacent local government has implemented s. 205.0535, or if the governing body of the county or municipality finds that

the rate structures or classifications of adjacent local governments are unreasonable, the rate structure or classifications prescribed in its ordinance may be based upon those prescribed in ordinances adopted by local governments that have implemented s. 205.0535 in counties or municipalities that have a comparable population.

History.—s. 1, ch. 93-180; s. 4, ch. 2006-152.

205.032 Levy; counties.—The governing body of a county may levy, by appropriate resolution or ordinance, a business tax for the privilege of engaging in or managing any business, profession, or occupation within its jurisdiction. However, the governing body must first give at least 14 days' public notice between the first and last reading of the resolution or ordinance by publishing a notice in a newspaper of general circulation within its jurisdiction as defined by law. The public notice must contain the proposed classifications and rates applicable to the business tax.

History.—s. 1, ch. 72-306; s. 1, ch. 73-144; s. 2, ch. 93-180; s. 5, ch. 2006-152.

205.033 Conditions for levy; counties.—

(1) The following conditions are imposed on the authority of a county governing body to levy a business tax:

(a) The tax must be based upon reasonable classifications and must be uniform throughout any class.

(b) Unless the county implements s. 205.0535 or adopts a new business tax ordinance under s. 205.0315, a business tax levied under this subsection may not exceed the rate provided by this chapter in effect for the year beginning October 1, 1971; however, beginning October 1, 1980, the county governing body may increase business taxes authorized by this chapter. The amount of the increase above the tax rate levied on October 1, 1971, for taxes levied at a flat rate may be up to 100 percent for business taxes that are \$100 or less; 50 percent for business taxes that are between \$101 and \$300; and 25 percent for business taxes that are more than \$300. Beginning October 1, 1982, the increase may not exceed 25 percent for taxes levied at graduated or per unit rates. Authority to increase business taxes does not apply to licenses or receipts granted to any utility franchised by the county for which a franchise fee is paid.

(c) A receipt is not valid for more than 1 year, and all receipts expire on September 30 of each year, except as otherwise provided by law.

(2) Any receipt may be transferred to a new owner, when there is a bona fide sale of the business, upon payment of a transfer fee of up to 10 percent of the annual business tax, but not less than \$3 nor more than \$25, and presentation of the original receipt and evidence of the sale.

(3) Upon written request and presentation of the original receipt, any receipt may be transferred from one location to another location in the same county upon payment of a transfer fee of up to 10 percent of the annual business tax, but not less than \$3 nor more than \$25.

(4) The revenues derived from the business tax, exclusive of the costs of collection and any credit given for municipal business taxes, shall be apportioned between the unincorporated area of the county and the incorporated municipalities located therein by a ratio derived by dividing their respective populations by the population of the county. This subsection does not apply to counties that have established a new rate structure under s. 205.0535.

(5) The revenues so apportioned shall be sent to the governing authority of each municipality, according to its ratio, and to the governing authority of the county, according to the ratio of the unincorporated area, within 15 days following the month of receipt. This subsection does not apply to counties that have established a new rate structure under s. 205.0535.

(6)(a) Each county, as defined in s. 125.011(1), or any county adjacent thereto may levy and collect, by an ordinance enacted by the governing body of the county, an additional business tax up to 50 percent of the appropriate business tax imposed under subsection (1).

(b) Subsections (4) and (5) do not apply to any revenues derived from the additional tax imposed under this subsection. Proceeds from the additional business tax must be placed in a separate interest-earning account, and the governing body of the county shall distribute this revenue, plus accrued interest, each fiscal year to an organization or agency designated by the governing body of the county to oversee and implement a comprehensive economic development strategy through advertising, promotional activities, and other sales and marketing techniques.

(c) An ordinance that levies an additional business tax under this subsection may not be adopted after January 1, 1995.

(7) Notwithstanding any other provisions of this chapter, the revenue received from a county business tax may be used for overseeing and implementing a comprehensive economic development strategy through advertising, promotional activities, and other sales and marketing techniques.

History.—s. 1, ch. 72-306; s. 1, ch. 73-144; s. 1, ch. 77-55; s. 54, ch. 80-274; s. 1, ch. 82-72; s. 1, ch. 85-209; s. 1, ch. 86-298; s. 3, ch. 93-180; s. 12, ch. 97-95; s. 6, ch. 2006-152.

205.042 Levy; municipalities.—The governing body of an incorporated municipality may levy, by appropriate resolution or ordinance, a business tax for the privilege of engaging in or managing any business, profession, or occupation within its jurisdiction. However, the governing body must first give at least 14 days' public notice between the first and last reading of the resolution or ordinance by publishing the notice in a newspaper of general circulation within its jurisdiction as defined by law. The notice must contain the proposed classifications and rates applicable to the business tax. The business tax may be levied on:

(1) Any person who maintains a permanent business location or branch office within the municipality, for the privilege of engaging in or managing any business within its jurisdiction.

(2) Any person who maintains a permanent business location or branch office within the municipality, for the privilege of engaging in or managing any profession or occupation within its jurisdiction.

(3) Any person who does not qualify under subsection (1) or subsection (2) and who transacts any business or engages in any occupation or profession in interstate commerce, if the business tax is not prohibited by s. 8, Art. I of the United States Constitution.

History.—s. 1, ch. 72-306; s. 1, ch. 73-144; s. 4, ch. 93-180; s. 7, ch. 2006-152.

205.043 Conditions for levy; municipalities.—

(1) The following conditions are imposed on the authority of a municipal governing body to levy a business tax:

(a) The tax must be based upon reasonable classifications and must be uniform throughout any class.

(b) Unless the municipality implements s. 205.0535 or adopts a new business tax ordinance under s. 205.0315, a business tax levied under this subsection may not exceed the rate in effect in the municipality for the year beginning October 1, 1971; however, beginning October 1, 1980, the municipal governing body may increase business taxes authorized by this chapter. The amount of the increase above the tax rate levied on October 1, 1971, for taxes levied at a flat rate may be up to 100 percent for business taxes that are \$100 or less; 50 percent for business taxes that are between \$101 and \$300; and 25 percent for business taxes that are more than \$300. Beginning October 1, 1982, an increase may not exceed 25 percent for taxes levied at graduated or per unit rates. Authority to increase business taxes does not apply to receipts or licenses granted to any utility franchised by the municipality for which a franchise fee is paid.

(c) A receipt is not valid for more than 1 year and all receipts expire on September 30 of each year, except as otherwise provided by law.

(2) Any business receipt may be transferred to a new owner, when there is a bona fide sale of the business, upon payment of a transfer fee of up to 10 percent of the annual tax, but not less than \$3 nor more than \$25, and presentation of the original receipt and evidence of the sale.

(3) Upon written request and presentation of the original receipt, any receipt may be transferred from one location to another location in the same municipality upon payment of a transfer fee of up to 10 percent of the annual tax, but not less than \$3 nor more than \$25.

(4) If the governing body of the county in which the municipality is located has levied a business tax or subsequently levies such a tax, the collector of the county tax may issue the receipt and collect the tax thereon.

History.—s. 1, ch. 72-306; s. 1, ch. 73-144; s. 1, ch. 77-55; s. 55, ch. 80-274; s. 2, ch. 82-72; s. 5, ch. 93-180; s. 8, ch. 2006-152.

205.044 Municipal business tax measured by gross receipts may continue.—Notwithstanding the creation of s. 205.055 and the repeal of s. 205.171 by chapters 2018-80 and 2018-118, Laws of Florida, a municipality that imposes a business tax on merchants which is measured by gross receipts from the sale of merchandise or services, or both, may continue to impose such tax and may, by ordinance, revise the definition of the term "merchant." However, the municipality may not revise the rate of the tax measured by gross sales.

History.—s. 3, ch. 2018-80; s. 26, ch. 2018-118.

205.045 Transfer of administrative duties.—The governing body of a municipality that levies a business tax may request that the county in which the municipality is located issue the municipal receipt and collect the tax thereon. The governing body of a county that levies a business tax may request that municipalities within the county issue the county receipt and collect the tax thereon. Before any local government may issue receipts on behalf of another local government, appropriate agreements must be entered into by the affected local governments.

205.053 Business tax receipts; dates due and delinquent; penalties.—

(1) All business tax receipts shall be sold by the appropriate tax collector beginning July 1 of each year, are due and payable on or before September 30 of each year, and expire on September 30 of the succeeding year. If September 30 falls on a weekend or holiday, the tax is due and payable on or before the first working day following September 30. Provisions for partial receipts may be made in the resolution or ordinance authorizing such receipts. Receipts that are not renewed when due and payable are delinquent and subject to a delinquency penalty of 10 percent for the month of October, plus an additional 5 percent penalty for each subsequent month of delinquency until paid. However, the total delinquency penalty may not exceed 25 percent of the business tax for the delinquent establishment.

(2) Any person who engages in or manages any business, occupation, or profession without first obtaining a local business tax receipt, if required, is subject to a penalty of 25 percent of the tax due, in addition to any other penalty provided by law or ordinance.

(3) Any person who engages in any business, occupation, or profession covered by this chapter, who does not pay the required business tax within 150 days after the initial notice of tax due, and who does not obtain the required receipt is subject to civil actions and penalties, including court costs, reasonable attorneys' fees, additional administrative costs incurred as a result of collection efforts, and a penalty of up to \$250.

History.—s. 1, ch. 72-306; s. 1, ch. 73-144; s. 40, ch. 83-204; s. 7, ch. 93-180; s. 10, ch. 2006-152; s. 1, ch. 2007-97.

1205.0532 Revocation or refusal to renew; doing business with Cuba.—Any local governing authority issuing a business tax receipt to any individual, business, or entity under this chapter may revoke or refuse to renew such receipt if the individual, business, or entity, or parent company of such individual, business, or entity, is doing business with Cuba.

History.—s. 4, ch. 93-218; s. 11, ch. 2006-152.

¹Note.—Section 6, ch. 93-218, provides that "[t]he Governor may waive the requirements of this act in the event that there is a collapse of the existing regime in Cuba and there is a need for immediate aid to Cuba prior to the convening of the Legislature or for humanitarian reasons as a result of a national disaster on the Island of Cuba."

205.0535 Reclassification and rate structure revisions.—

(1) By October 1, 2008, any municipality that has adopted by ordinance a local business tax after October 1, 1995, may by ordinance reclassify businesses, professions, and occupations and may establish new rate structures, if the conditions specified in subsections (2) and (3) are met. A person who is engaged in the business of providing local exchange telephone service or a pay telephone service in a municipality or in the unincorporated area of a county and who pays the business tax under the category designated for telephone companies or a pay telephone service provider certified pursuant to s. 364.3375 is deemed to have but one place of business or business location in each municipality or unincorporated area of a county. Pay telephone service providers may not be assessed a business tax on a per-instrument basis.

(2) Before adopting a reclassification and revision ordinance, the municipality or county must establish an equity study commission and appoint its members. Each member of the study commission must be a representative of the business community within the local government's jurisdiction. Each equity study commission shall recommend to the appropriate local government a classification system and rate structure for business taxes.

(3)(a) After the reclassification and rate structure revisions have been transmitted to and considered by the appropriate local governing body, it may adopt by majority vote a new business tax ordinance. Except that a minimum tax of up to \$25 is permitted, the reclassification may not increase the tax by more than the following: for receipts costing \$150 or less, 200 percent; for receipts costing more than \$150 but not more than \$500, 100 percent; for receipts costing more than \$500 but not more than \$2,500, 75 percent; for receipts costing more than \$2,500 but not more than \$10,000, 50 percent; and for receipts costing more than \$10,000, 10 percent; however, in no case may the tax on any receipt be increased more than \$5,000.

(b) The total annual revenue generated by the new rate structure for the fiscal year following the fiscal year during which the rate structure is adopted may not exceed:

1. For municipalities, the sum of the revenue base and 10 percent of that revenue base. The revenue base is the sum of the business tax revenue generated by receipts issued for the most recently completed local fiscal year or the amount of revenue that would have been generated from the authorized increases under s. 205.043(1)(b), whichever is greater, plus any revenue received from the county under s. 205.033(4).

2. For counties, the sum of the revenue base, 10 percent of that revenue base, and the amount of revenue distributed by the county to the municipalities under s. 205.033(4) during the most recently completed local fiscal year. The revenue base is the business tax revenue generated by receipts issued for the most recently completed local fiscal year or the amount of revenue that would have been generated from the authorized increases under s. 205.033(1)(b), whichever is greater, but may not include any revenues distributed to municipalities under s. 205.033(4).

(c) In addition to the revenue increases authorized by paragraph (b), revenue increases attributed to the increases in the number of receipts issued are authorized.

(4) After the conditions specified in subsections (2) and (3) are met, municipalities and counties may, every other year thereafter, increase or decrease by ordinance the rates of business taxes by up to 5 percent. However, an increase must be enacted by at least a majority plus one vote of the governing body.

(5) This chapter does not prohibit a municipality or county from decreasing or repealing any business tax authorized under this chapter. By majority vote, the governing body of a county or municipality may adopt an ordinance repealing a local business tax or establishing new rates that decrease local business taxes and do not result in an increase in local business taxes for a taxpayer. Such ordinances are not subject to subsections (2) and (3).

(6) A receipt may not be issued unless the federal employer identification number or social security number is obtained from the person to be taxed.

205.0536 Distribution of county revenues.—A county that establishes a new rate structure under s. 205.0535 shall retain all business tax revenues collected from businesses, professions, or occupations whose places of business are located within the unincorporated portions of the county. Any business tax revenues collected by a county that establishes a new rate structure under s. 205.0535 from businesses, professions, or occupations whose places of business are located within a municipality, exclusive of the costs of collection, must be apportioned between the unincorporated area of the county and the incorporated municipalities located therein by a ratio derived by dividing their respective populations by the population of the county. As used in this section, the term “population” means the latest official state estimate of population certified under s. 186.901. The revenues so apportioned shall be sent to the governing authority of each municipality, according to its ratio, and to the governing authority of the county, according to the ratio of the unincorporated area, within 15 days after the month of receipt.

History.—s. 9, ch. 93-180; s. 13, ch. 2006-152.

205.0537 Vending and amusement machines.—The business premises where a coin-operated or token-operated vending machine that dispenses products, merchandise, or services or where an amusement or game machine is operated must assure that any required municipal or county business tax receipt for the machine is secured. The term “vending machine” does not include coin-operated telephone sets owned by persons who are in the business of providing local exchange telephone service and who pay the business tax under the category designated for telephone companies in the municipality or county or a pay telephone service provider certified pursuant to s. 364.3375. The business tax for vending and amusement machines must be assessed based on the highest number of machines located on the business premises on any single day during the previous receipted year or, in the case of new businesses, be based on an estimate for the current year. Replacement of one vending machine with another machine during a receipted year does not affect the tax assessment for that year, unless the replacement machine belongs to a business tax classification that requires a higher tax rate. For the first year in which a municipality or county assesses a business tax on vending machines, each business owning machines located in the municipality or county must notify the municipality or county, upon request, of the location of such machines. Each business owning machines must provide notice of the provisions of this section to each affected business premises where the machines are located. The business premises must secure the receipt if it is not otherwise secured.

205.054 Business tax; partial exemption for engaging in business or occupation in enterprise zone.—

(1) Notwithstanding the provisions of s. 205.033(1)(a) or s. 205.043(1)(a), the governing body of a county or municipality may authorize by appropriate resolution or ordinance, adopted pursuant to the procedure established in s. 205.032 or s. 205.042, the exemption of 50 percent of the business tax levied for the privilege of engaging in or managing

any business, profession, or occupation in the respective jurisdiction of the county or municipality when such privilege is exercised at a permanent business location or branch office located in an enterprise zone.

(2) Such exemption applies to each classification for which a business tax receipt is required in the jurisdiction. Classifications shall be the same in an enterprise zone as elsewhere in the jurisdiction. Each county or municipal business tax receipt issued with the exemption authorized in this section shall be in the same general form as the other county or municipal business tax receipts and shall expire at the same time as those other receipts expire as fixed by law. Any receipt issued with the exemption authorized in this section is nontransferable. The exemption authorized in this section does not apply to any penalty authorized in s. 205.053.

(3) Each tax collecting authority of a county or municipality which provides the exemption authorized in this section shall issue to each person who may be entitled to the exemption a receipt pursuant to the provisions contained in this section. Before a receipt with such exemption is issued to an applicant, the tax collecting authority must, in each case, be provided proof that the applicant is entitled to such exemption. Such proof shall be made by means of a statement filed under oath with the tax collecting authority, which statement indicates that the permanent business location or branch office of the applicant is located in an enterprise zone of a jurisdiction which has authorized the exemption permitted in this section.

(4) Any receipt obtained with the exemption authorized in this subsection by the commission of fraud upon the issuing authority is void. Any person who has fraudulently obtained such exemption and thereafter engages, under color of the receipt, in any business, profession, or occupation requiring the business tax receipt is subject to prosecution for engaging in a business, profession, or occupation without having the required receipt under the laws of the state.

(5) If an area nominated as an enterprise zone pursuant to s. 290.0055 has not yet been designated pursuant to s. 290.0065, the governing body of a county or municipality may enact the appropriate ordinance or resolution authorizing the exemption permitted in this section; however, such ordinance or resolution will not be effective until such area is designated pursuant to s. 290.0065.

(6) This section expires on the date specified in s. 290.016 for the expiration of the Florida Enterprise Zone Act; and a receipt may not be issued with the exemption authorized in this section for any period beginning on or after that date.

Such person must complete and sign, under penalty of perjury, a Request for Fee Exemption to be furnished by the local governing authority and provide written documentation in support of his or her request for an exemption for the business under this subsection.

History.—s. 1, ch. 2018-80; s. 24, ch. 2018-118.

205.063 Exemptions; motor vehicles.—Vehicles used by any person receipted under this chapter for the sale and delivery of tangible personal property at wholesale or retail from his or her place of business on which a business tax is paid may not be construed to be separate places of business, and a business tax may not be levied on such vehicles or the operators thereof as salespersons or otherwise by a county or incorporated municipality, any other law to the contrary notwithstanding.

(1) A local business tax receipt is not required of any person for the privilege of engaging in the selling of farm, aquacultural, grove, horticultural, floricultural, tropical piscicultural, or tropical fish farm products, or products manufactured therefrom, except intoxicating liquors, wine, or beer, when such products were grown or produced by such person in the state.

205.065 Exemption; nonresident persons regulated by the Department of Business and Professional Regulation.
—If any person engaging in or managing a business, profession, or occupation regulated by the Department of Business and Professional Regulation has paid a business tax for the current year to the county or municipality in the state where the person's permanent business location or branch office is maintained, no other local governing authority may levy a business tax, or any registration or regulatory fee equivalent to the business tax, on the person for performing work or services on a temporary or transitory basis in another municipality or county. Work or services performed in a place other than the county or municipality where the permanent business location or branch office is maintained may not be construed as creating a separate business location or branch office of that person for the purposes of this chapter. Any properly licensed contractor asserting an exemption under this section who is unlawfully required by the local governing authority to pay a business tax, or any registration or regulatory fee equivalent to a business tax, has standing to challenge the propriety of the local government's actions, and the prevailing party in such a challenge is entitled to recover a reasonable attorney's fee.

An individual acting in the capacity of an independent contractor is not an employee.

(2) An employee may not be held liable by any local governing authority for the failure of a principal or employer to apply for an exemption from a local business tax, pay a local business tax, or obtain a local business tax receipt. (3) A principal or employer who is required to obtain a local business tax receipt may not be required by a local governing authority to provide personal or contact information for individuals exempt under this section in order to obtain a local business tax receipt.

(4) The exemption provided in this section does not apply to a business tax imposed on individual employees by a municipality or county pursuant to a resolution or ordinance adopted before October 13, 2010. Municipalities or counties that, before October 13, 2010, had a classification system that was in compliance with the requirements of this chapter and that actually resulted in individual employees paying a business tax may continue to impose such a tax in that manner.

The exemption provided by this section shall be allowed only upon the certificate of the county physician, or other reputable physician, that the applicant claiming the exemption is disabled, the nature and extent of the disability being specified therein, and in case the exemption is claimed by a widow with minor dependents, or a person over 65 years of age, proof of the right to the exemption shall be made. Any person entitled to the exemption provided by this section shall, upon application and furnishing of the necessary proof as aforesaid, be issued a receipt which shall have plainly stamped or written across the face thereof the fact that it is issued under this section, and the reason for the exemption shall be written thereon.

**APALACHICOLA CITY COMMISSION
REQUEST FOR BOARD ACTION
Meeting Date: April 2, 2024**

SUBJECT: Occupational License Tax Ordinance Amendment

AGENDA INFORMATION:

Agenda Location: Unfinished Business
Item Number: 3
Department: Administration
Presenter: Travis Wade, Sheneidra Cummings, P.J. Erwin, Dan Hartman

BRIEF SUMMARY: Our Occupational License Tax Ordinance and Fee Schedule was last revised in September 2005. The Occupational Classification System and Rate Structure need updating to reflect current and applicable occupations as well as bring the tax rates to appropriate amounts.

F.S. State Statute 205.0535 states that a municipality must establish an equity study commission, appointed by the City Commission to initiate a revision of the Occupational License Tax Ordinance and update fees. Each member of the study commission must be a representative of the business community within the City of Apalachicola. The task of the study commission is to recommend a revised classification system and rate structure. F.S. Statute 205.0535 does not state the size of the study commission.

The City Commission voted on November 7, 2024 to approve the committee and task City Staff to find volunteers in seven different business categories. On January 9, 2024, the City Commission approved Cutler Edwards, Chase Galloway, Clayton Mathis, Kristin Willis, Andrea Pendleton, Elinor Mount-Simmons and Kathy Robinson to serve as members on this committee.

During the months of February and March, committee members met to discuss the current categories of occupations/businesses and rates assessed for each designation. The committee has presented its recommendation for approval of the list of categories and rates to begin with the 2024-2025 fiscal year. Assuming the Commission votes with a majority vote in favor of implementing these new rates and categories, we are submitting for consideration an amended business/occupational license ordinance.

RECOMMENDED MOTION AND REQUESTED ACTIONS: Approve business/occupational license Ordinance 2024-01.

Leslie Street Update – 90% plans will be submitted on March 22, 2024.

Avenues Stormwater Project—Surveys are being scheduled currently.

Status of Leases on City-Owned Properties—See attached...

City of Apalachicola Leases for Space:

Project Impact: There is no written agreement/lease for the space. The program is city-grant funded. Project Impact pays \$500/month for electricity usage.

Food Pantry: There is no written agreement/lease for the space. I have no knowledge of how this came about or who negotiated the use of the space, as it was done before I was hired, and I can find no records related to it.

Bring Me A Book: The lease for this space was executed on August 15, 2023, for a three-year term. They pay \$125/month for the space.

Moving Education Institute: There is currently no executed lease for this space. At the April 11, 2023, Regular Meeting the Commission agreed to a 90-day lease for \$200/month. During the Commission meeting discussion was held in which the members stated that they wished to be credited for expenses related to improvements to the building. I have asked several times for a list of those expenses but have not received that list. Currently MEI has not paid any rent although they still occupy that space.

Forgotten Coast Fitness Center: The lease for this space was executed on July 1, 2023, for a five-year term. The rent is currently \$800/month and will increase to \$1,000/month in July 2024.

FAMU: The lease for this space on the second floor of the Community Center was executed on May 1, 2023, for a 3-year term. The rent is \$786.60/month.

North Florida African American Corridor Project: There is currently no executed agreement for this space at the HCA Building. The

original lease agreement was signed by me and awaiting a signature by a member of the NFAACP at City Hall. The original copy was removed from City Hall, and I am told is currently located in a vehicle that is being repaired in New Orleans.

Matchbox: The lease for this space (the Gym and room 10 of the field house) was executed on February 2, 2021, for a 5-year term. This was a renewal of an earlier lease agreement. There is no rental fee, but all maintenance and repairs have been paid by the tenants.

Head Start/6th Street Rec Center: There is no current written lease for the space. However, during the August 8, 2023, Regular Meeting, the Commission authorized the Capital Area Community Action Agency use of the building for 12 months with the agreement that the Director provides an update on the group's search for a new location in six months.

Holy Family: I have a draft lease agreement and am working with Val Webb to finalize it for the Elder Care Community Council of Franklin County (ECCC) to continue using the building. It will be presented to the Commission as soon as it is completed.

CITY OF APALACHICOLA
FINANCE DEPARTMENT REPORT
March 2024

1. Processed payroll for March pay periods.
2. Processed retirement and insurance payments for March.
3. The Finance Clerk does an amazing job at issuing purchase orders, posting deposits, running accounts payable, and providing any information requested by various departments.
4. Assisting the new City Clerk with duties.
5. Coordinating with Grants Coordinator to get copies of all grant contracts and list of all funded grants so grant financial notebooks can be made for each grant. Grant notebooks will have all contracts, change orders, and detailed financial information so it is easily accessible to determine what is expected back in reimbursements.
6. Completed audit payroll reconciliation spreadsheet and bank reconciliation spreadsheet for 22/23 audit. Uploaded various documents to the secure website to assist with audit.
7. Chris Moran and staff are assisting staff with various issues to prepare for Banyan conversion. I have gained access to Banyan and I have asked where to access training.
8. Chris Moran presented the FY 21/22 audit to Commission. The audit has been submitted to the various required agencies and has been loaded onto the website as required. The Annual Financial Report has been completed and certified. Once approved by the Attorney General office, this report will also be loaded onto the website as required.
9. Audits have been completed for the garbage billing, Scipio Creek billing, and Battery Park billing. I am working with Waste One and Lizette to make necessary corrections and changes to reflect accurate billing.
10. Completed various Human Resources duties.
11. All available Tree Committee, Library Board, and Parks & Recreation Committee minutes have been uploaded to the website under the Agenda/Minutes section.
12. Finance office has been moved from the front office to the back. I will have to provide backup to the front office as needed until a new receptionist is hired.
13. Vehicle titles were collected for the surplus vehicles.

14. Working with The Management Experts (FEMA) to obtain financial information from Hurricane Michael so reimbursements can be sent to the City. This is a huge project but is a top priority as the reimbursement is around \$900,000. Traci Buzbee has sent me all the Hurricane Michael FEMA projects, so now I am having to go through checks and documents to provide all the information required.

15. Currently I have 3 big projects going on at once – Banyan conversion and all that entails with that; collecting required FEMA documentation for reimbursement; and FY 22/23 audit. Financials are coming along with a budget expense report – there are several wheels turning at once to make this happen.

16. As always, I welcome any suggestions or knowledge. If anyone would like to have a sit-down with me or has any questions, please don't hesitate to contact me.

CYNTHIA SARTAIN – REQUESTING INTERPRETATION OF CODE REGARDING RECREATIONAL VEHICLES

Dean and Cynthia Sertain have requested advice regarding whether property owners may park a recreational vehicle in their yard in R-2 zone. Staff and Attorney Hartman have interpreted the Code to allow homeowners to park an RV in their yard, but the Code prohibits using the RV as a dwelling. The Sertain's provided a presentation regarding their interpretation of the Code and requests the Commission's interpretation of the Code.

Discussion held regarding definition interpretation of recreational vehicle and allowance of recreational vehicle to be stored on property owner's property.

Attorney Hartman stated the Sertain's disagree with Staff's interpretation of the Code. A RV is not a permanent structure, it is not for permanent use, it cannot be used as a living dwelling, but the City has never prohibited anyone from parking their RV on their property.

Commissioner Elliott stated she supports Staff's interpretation.

Commissioner Grove stated parking an RV is no different than parking a boat or a work trailer on your private property.

Commissioner George stated she appreciates the public reading and trying to interpret the Code and understands how the Sartains could have reached their interpretation of the Code.

Discussion continued.

Dennis Winterringer presented recommended revisions to the Tree Committee role and responsibilities.

Commissioner George presented her recommended changes to proposed Tree Committee role and responsibilities and stated all citizen boards/committees need mission statements and are appointed by the City Commission. Commission should be encouraging citizens to participate in committees and boards.

City Manager Wade stated that he is in the process of reviewing the roles and responsibilities of all City appointed committees/boards, and that no committee or board has enforcement authority. All committees/boards respond to direction from City Commission, and if a committee or board breaks the law, then that committee or board has become a liability to the City.

Commissioner Grove stated there is room for growth and we need to figure out a way to help each other rather than hinder. There is much community energy and there are many talented people in the community. Commissioner Grove recommends that all committees/boards be addressed at one time.

Commissioner Elliott stated the Commission is not responsible for the day-to-day activities of Staff and doesn't have a problem with the recommended role and responsibilities presented by Staff. Mr. Winterringer's recommendations can easily be incorporated into the Staff's recommendations.

Attorney Hartman stated the City has to be careful in delegating authority to a Committee because they hold an advisory role and are not held accountable like Staff.

Mayor Ash stated she appreciates all volunteers and agrees there is a liability when there is too much authority given to an individual or committee. All committees/boards need a rewrite on their mission statement and these committees/boards are acting under the direction of the City Commission and can be a liability. Mayor Ash stated that she appreciates Staff, and the Commission needs to be mindful of not supporting Staff in decisions.

Discussion held.

Motion to table item at this time made by Commissioner Grove, seconded by Commissioner Elliott.

This is a State facility, but the City can refuse to renew the lease when it comes up for renewal.

PRESENTATION: The Southern Group- Kate Deloach

Kate Deloach presented and provided the commission with a budget update. The Commission was informed that the Stewardship Act funding was not approved for this fiscal year and that The Southern Group would like to work more on this throughout the summer. Ms. Deloach also stated that the Commission would be receiving a final report and will be contacted individually to set up a legislative visit with the sponsors to further strategize their approach regarding Stewardship Funding opportunities. There were two projects included in the budget and will be partially funded which are: 1) The parking lot expansion (Downtown); and 2) The final phase of the Fire Hydrant Replacement.

Mayor Ash inquired about the appropriation amounts for the two projects as well the process of extending the timeline for the Stewardship Act funding.

Ms. Deloach stated that the appropriation for project #1, the downtown parking lot expansion is \$135,013.00. She included that the project could start as soon as this year with the possibility of applying for additional funding next year and that there may be an opportunity to roll the funding over to next year given that funding is approved. She went on to disclose the appropriation for project #2, The Fire Hydrant Replacement being \$ 275,000.00. She also stated that the process of extending the Stewardship Act funding timeline would probably require their sponsors to submit a Bill, stating that the Bill process provides additional opportunities to move through a more formal process of getting the Bill passed.

Mayor Ash also thanked Senator Simon and Representative Shoaff for their continued support throughout this legislative process.

Commissioner Grove asked if the limited appropriations would limit the City from any of the stormwater projects.

Ms. Deloach stated that it would limit stormwater projects in this year's appropriation. However, some of the stormwater projects may qualify for some of the other traditional grant programs such as Resilient Florida. The Southern Group will work with City Manager Wade to prioritize projects and identify funding opportunities to be able to fulfill said needs.

Commissioner Grove suggests that The Southern Group also consult with the Commission before they meet with City Manager Wade and prioritize any list(s).

Commissioner George inquired about the ability to combine appropriated funds to be used towards either the parking lot expansion or fire hydrant project.

Ms. Deloach could not confirm if combining funds would be acceptable and would need to consult with the Agency for confirmation. She will provide the Commission with the Agency's feedback on that matter.

Commissioner George confirmed that the City is in year two of five for applying for funding via the Stewardship Act and whereas, the City may request up to five million per year as part of the DEP budget. George also stated that there is a possibility for the City to request up to fifteen million over the next three years.

Commissioner Elliott thanked The Southern Group for their efforts and had no further comments.

Commissioner Duncan thanked The Southern Group and had no further comments.

PRESENTATION: DEP/Park Service: Chapman Botanical Gardens Pavilion

DEP Staff presented the revisions and explained the proposed modifications.

Michael Foster, Bureau Chief of the Bureau of Design and Construction with the Florida State Parks followed up with support of the revisions.

Commissioner Elliott thanked DEP staff for their willingness to work with the Commission and fulfill the demands made by the Commission. Elliott was in support of the revisions and modifications.

Commissioner Duncan expressed appreciation for the revisions and effort put forth by DEP staff and inquired of any updates regarding the Orman House.

Michael Foster stated that construction started on March 4th, and that the project has roughly a 6-to-9-month timeline.

Commissioner Grove thanked DEP staff and inquired about parking availability. Grove reinforced her dissatisfaction with the size and placement of the pavilion and presented questions to DEP staff regarding park reservations. Grove also expressed concerns regarding compatibility of DEP proposal and the City's intended use of the park.

DEP staff explained that they will not be adding parking spaces, that parking would be shifted away from residential streets and City parking places would be used. Park rangers would also be present during events to direct traffic and ensure parking is shifted away from the residential area and ushered towards the commercial side i.e. Market Street. Staff also addressed Commissioner Grove's concerns regarding park reservation stating that the public would be able to reserve the pavilion and not the entire park.

Commissioner George thanked DEP staff and agreed with Commissioner Grove in regard to the size of the pavilion. George stated that the DEP proposal is not consistent with the management plan and would like to see funds reallocated to other projects within the park. George also referenced the date of expiration for their management plan and suggest that plans be halted until their management plan is updated.

DEP Staff addressed some of Commissioner George's concerns regarding reallocating funds towards other potential projects within the park and stated that the funding has been appropriated specifically for new development and not for repair and maintenance projects.

Public comments received and consisted of pavilion size, location, maintenance, tree removal, pavilion rental, and parking.

Commissioner Duncan expressed concerns regarding the amending of an agenda item that is referenced as a presentation, yet action was being requested.

Attorney Hartman commented on the legality of Commissioner Duncan's concern(s) and advised the Commission that it is left to Board's discretion whether they would like to proceed given that it is a contractual matter between the City and DEP and that their management plan and proposal require action by the City. Attorney Hartman further stated that he does not believe that the City is legally prevented from taking action.

Commissioner Elliott made a motion to approve the revised DEP proposal as presented. Motion died for lack of second.

Mayor Ash asked Attorney Hartman to advise the Commission on options regarding the decision to reject the revised proposal presented by DEP, and how does the rejection affect the project moving forward.

Attorney Hartman commented that the Commission is within its right to discuss and approve the design and encouraged the Commission to get feedback from DEP on the next course of action, if any. Hartman informed the Commission that they could make a motion to continue negotiations with DEP however, DEP is also able to refuse or continue to work with the City.

DEP staff reiterated to the Commission that they are in compliance with their lease agreement as well as with their management plan. Staff believe that they made concessions that were discussed and requested by the Commission and are making great effort to remain partners with the City and requested that the Commission approve its revised proposal.

Commissioner Grove did not agree with last statement made by DEP Staff and do not think it's in good faith for DEP to impose a "take it or leave it" position when it comes to their latest revisions. Furthermore, stating that she believes that there may be some alternatives to satisfy the public, DEP, and the Commission. Grove suggested having four smaller pavilions to accommodate individual families versus a single large pavilion positioned in the middle of the park.

Motion made by Commissioner Grove to table the DEP: Chapman Botanical Garden discussion until April regular meeting, seconded by Commissioner George, with discussion.

Commissioner George discussed compliance and commented on DEP's position and their presumed authority to proceed based on their management plan. Commissioner George referenced Attorney Hartman from a previous meeting regarding the three elements that the Commission had some authority over i.e., purpose, location, and design. It was noted that the purpose and location was specified in the DEP's management plan leaving only the design to be discussed and approved by the Commission. Furthermore, clarifying that the size, scale, and visual compatibility falls under the design element and that the Commission is within its contractual right to debate each of those issues. George also stated that it appears that most of the Commission believe that the proposal fails to meet the Commission's standard of design. Concluding that, she would prefer this to be a condition of tabling the motion in an effort for DEP to consider the Commission's design standard.

Mayor Ash asked the Commission if they submitted any comments, suggestions, or recommendations to City Manager Wade or Staff prior to this meeting regarding the revised DEP proposal.

Commissioner Duncan referenced an email correspondence between City Manager Wade where she provided her insight and opinion regarding DEP's proposal. Commissioner Duncan reiterated

her previous concern regarding the proposed size of the pavilion and did not feel the need to resubmit that specific concern as it was presumed that it was set to be addressed at this meeting. Duncan also expressed that she does not believe that the revised design looks historical, and the size of the pavilion remains too big.

Commissioner Elliott had no further comments.

Mayor Ash asked DEP if they would be willing to come back to the table, given the Commission's motion to table the discussion and approval.

DEP staff stated they would have to consult with DEP leadership and would inform the Commission of their decision. DEP staff went on to reference their management plan and stated that the requirement to come before the Commission regarding purpose, location, and design is when those elements are not specifically stated within their management plan.

Mayor Ash restated motion to table DEP discussion made by Commissioner Grove, seconded by Commissioner George. Motion carried 3-2 with Commissioner Elliott and Mayor Ash opposing.
