GENERAL DESCRIPTION OF PROJECT M0034 PHASE I

This document outlines the requirements and procedures for submitting bids for a construction project overseen by the City of Apalachicola. It includes sections detailing the general project description, bid summary, MWBE considerations, instructions and bid sheets, bid bond stipulations, contractor licensing, supervision certificates, equal employment certification, Gantt Chart information, standard contract forms for the City of Apalachicola, and attachments for Bid Sheets, CDBG and Davis-Bacon requirements. Additionally, it provides the legal format for the bid bond, emphasizing the obligations and conditions for bidders and sureties.

The M0034 Riverfront Revitalization Project is a major \$4.75 million initiative in Apalachicola, Florida, designed to repair coastal infrastructure and boost the local economy following the destruction caused by Hurricane Michael. Managed in partnership with FloridaCommere and funded via Community Development Block Grant–Disaster Recovery (CDBG-DR) funds, the project directly addresses the balancing act between preserving Apalachicola's historic working waterfront and accommodating its booming tourism industry. The project has been split into two phases with Phase I focusing on construction of public and commercial docks, piers, utilities, and historic preservation with Phase II completing new streetscapes, sidewalks, and lighting.

Project Scope and Location

Project M0034 Phase I funds target the structural stabilization of these historic areas while expanding public access by achieving the following outcomes:

- **Commercial Pier and Dock Repairs along Scipio Creek:** Rebuilding heavily damaged infrastructure at Scipio Creek Marina, Water Street Hotel, and JV Gander Property.
- **Old Apalachicola Fire Station:** Disassembly of the Old Fire Station and salvage materials from the Fire Station for future use by the City.
- **Anders Pier and Pumpout Station:** Rebuild the public dock, Anders Pier, and install a new maritime vessel pump-out station at Anders Pier.
- **Popham Building:** Disassembly of the historic Popham Building and pave the way for future commercial reuse.

Timeline: Both phases of the project are being procured simultaneously and will run concurrently. The Contractor acknowledges and agrees that the dates and deadlines set forth herein are material terms of the Agreement and essential to the Owner's operations. The Contractor must achieve Substantial Completion of the entire Work no later than September 30, 2027. Bidders must submit a preliminary Gantt chart detailing their logical path to meet the mandatory completion date. Bids submitted without a viable, logical schedule will be deemed non-responsive and disqualified. Failure to achieve Substantial Completion by the specified date will result in the assessment of Liquidated Damages in the amount of \$750 per consecutive calendar day of delay, as compensation for the Owner's losses, and not as a penalty.

Only those communications from firms, which are signed and in writing, will be recognized by the City as duly authorized expressions on behalf of the firm. All communication with City Commissioners or City staff other than the City Manager is prohibited during the time of the RFP advertising.

Signed Letter of Interest:

A contractor's signed Letter of Interest (LOI) for a Florida municipal CDBG (Community Development Block Grant) RFP serves as formal intent to bid. It confirms the contractor meets state qualifications and must include specific CDBG compliance certifications (e.g., Section 3, Civil Rights, and Anti-Lobbying provisions)

Signed Proposal:

A signed proposal form for an RFP (Request for Proposal) is the official, binding signature page required by a government entity. It verifies that you agree to all the terms in the solicitation, certify that your bid is legitimate and collusion-free, and legally commit your company to your proposed pricing and services.

Transactions and Conveyances of Corporate Identification:

This form is used for identity and structural verification document for businesses. It does not involve "conveying" or selling your business; rather, it collects precise legal details about your corporation so that any future transaction agreements, purchase orders, or contracts can be drafted with flawless legal accuracy

Public Entity:

The Contractor must sign and complete a Public Entity Crime Sworn Statement as defined under Section 287.133(3)(a), F.S. A person or affiliate who has been placed on the convicted vendor list following a conviction of a public entity crime may not submit a proposal on a contract to provide any goods or services to a public entity, may not submit a proposal on a contract with a public entity for the construction or repair of a public building or public work, may not submit proposals on leases of real property to a public entity, may not be awarded or perform work as an Engineer, supplier, or subcontractor, under a contract with any public entity, and may not transact business with any public entity in excess of the threshold amount provided in Section 287.017, for Category Two for a period of 36 months from the date of being placed on the convicted vendor list.

Bid Bond:

A bid bond is a type of surety bond that a contractor must submit alongside their proposal when responding to a Request for Proposal (RFP) for a Community Development Block Grant (CDBG) project in Florida. It guarantees that if your bid is selected, you will accept the job at the price quoted and provide the required final performance and payment bonds

Contractor Evidence and Proof of Licenses/Certifications:

In a Florida Request for Proposal (RFP), Contractor Evidence and Proof of Licenses/Certifications is a required documentation section verifying your business is legally qualified and authorized to perform the proposed scope of work. It ensures you comply with Florida Statutes and local ordinances.

Certification of Bidder Equal Opportunity:

A Certification of Bidder Equal Opportunity is a mandatory document included in Florida Requests for Proposal (RFPs). By signing it, the vendor formally warrants they are an Equal Employment Opportunity (EEO) employer and will not discriminate in employment, upgrading, demotion, recruitment, or compensation based on race, color, religion, sex, or national origin.

For local government contracts, especially those utilizing federal funding (HUD CDBG Grants)—this certification ensures that public funds are not used to support discriminatory hiring or workplace practices. It is primarily implemented to comply with federal requirements.

Drug-Free Workplace:

Bidder must complete the City's Drug Free Workplace Certification form, attached and made a part of the RFP.

Anti-Collusion Clause:

An anti-collusion clause in a Florida Request for Proposal (RFP) is a mandatory legal statement that ensures your bid is completely independent. It acts as a sworn guarantee to the government entity that your company has not communicated, consulted, or conspired with any other competitors to manipulate pricing or restrict fair competition.

The Byrd Anti-Lobbying Amendment Certification:

This certification is a federal requirement mandating that contractors receiving federal funds over \$100,000 verify they have not used—and will not use—appropriated federal funds to lobby Congress or federal agencies to win the contract.

Certificate from Contractor/Subcontractor Designating Officer or Employee to Supervise Payment of Employees:

This certificate formally appoints a payroll supervisor (such as a Labor Standards Officer) to handle, verify, and certify employee payment records on behalf of the company. It ensures the person certifying payroll reports has firsthand knowledge of the wage facts and has the authority to execute the required Statement of Compliance (Copeland Act). The document must be signed by authorized corporate officers or partners and submitted to the general contractor or contract owner prior to the first payroll submission.

E-Verify Compliance:

E-Verify compliance for a Florida Request for Proposal (RFP) means that any contractor bidding on a public project or contract with a Florida government entity must be enrolled in the federal E-Verify system to confirm the employment eligibility of all new hires.

Debarment Notice:

Bidders for a lower tier covered transaction (except procurement contracts for goods and services under \$25,000 not requiring the consent of a City official) are subject to 2 C.F.R. Part 180, “OMB Guidelines to Agencies on Government-wide Debarment and Suspension (Non- procurement).” In addition, applicants or bidders for a lower tier covered transaction for a subaward, contract, or subcontract greater than \$100,000 of Federal funds at any tier are subject to relevant statutes, including among others, the provisions of 31 U.S.C. 1352, as well as the common rule, “New Restrictions on Lobbying,” published at 55 FR 6736 (February 26, 1990), including definitions, and the Office of Management and Budget “Governmentwide Guidance for New Restrictions on Lobbying,” and notices published at 54 FR 52306 (December 20, 1989), 55 FR 24540 (June 15, 1990), 57 FR 1772 (January 15, 1992), and 61 FR 1412 (January 19, 1996).

CDBG Conflict of Interest and Disclosure Statement:

This statement is a mandatory government form required by Florida and U.S. HUD regulations. It requires individuals and businesses to disclose any personal, business, or financial relationships with public officials that could improperly influence the awarding or execution of a CDBG-funded contract.

Indemnification:

Firm shall indemnify and save harmless the City, its officers, agents, and employees, from all claims, suits, or actions at law or equity, damages, losses, and expenses, whether direct or indirect, or consequential, including but not limited to charges of engineers, attorneys, and other

professionals and costs of both defense and appeal, in a court of law or other tribunal, for any reason whatsoever, including but not limited to bodily injury, sickness, disease, or death of any person, including employees of Firm or any subcontractor, or injury to or destruction of property, including loss of use, which claims are arising out of, related to, connected with, or caused by (a) Firm, or any subcontractor or supplier of Firm, negligent performance or non-performance of the Project. The provisions of this indemnification agreement shall include all accidents, injuries, and claims made, whether caused in part, by any act or omission of the City, its respective officers, agents, or employees, provided Engineer shall not be required to indemnify the City for the City's own negligence.

Protest:

RFP protests arising shall be resolved in accordance with the City of Apalachicola Procurement and Purchasing Policies.

Insurance Requirements

Bidder shall provide, pay for, and maintain, with companies satisfactory to the City, the types of insurance described herein. All insurance shall be from responsible companies duly authorized to do business in the State of Florida and/or responsible risk retention group insurance companies registered with the State of Florida. Prior to execution of a contract, the insurance coverages and limits required must be provided by properly executed Certificates of Insurance on forms which are acceptable to the City. The Certificates must be personally, manually signed by the Authorized Representatives of the insurance company/companies shown on the Certificates with proof that he/she is an authorized representative thereof. In addition, certified, true, and exact copies of all insurance policies required shall be provided to the City, on a timely basis, if required by the City. These Certificates and policies contain provisions that thirty (30) days' written notice by registered or certified mail shall be given the City of any cancellation, intent not to renew, or reduction in the policies' coverages, except in the application of the Aggregate Limits Provisions. In the event of a reduction in the Aggregate Limit of any policy, the Bidder shall immediately take steps to have the Aggregate Limit reinstated to the full extent permitted under such policy. All insurance coverage of the Bidder shall be primary to any insurance or self-insurance program carried out by the City applicable to this Project.

The acceptance by the City of any Certificate of Insurance evidence of the insurance coverages and limits required in this Contract does not constitute approval or agreement by the City that the insurance requirements have been met or that the insurance policies shown on the Certificates of Insurance are following the requirements of this Contract.

Before starting and until acceptance of the work by the City, Bidder shall maintain insurance of the types and to the limits specified below. Bidder shall require each of its subcontractors to procure and maintain, until the completion of that subcontractor's or sub-subcontractor's work, insurance of the types and to the limits specified below, unless such insurance requirement for the subcontractor or sub-subcontractor is expressly waived in writing by the City. Said waiver shall not be unreasonably withheld upon Bidder representing in writing to the City that Bidder's existing coverage includes and covers the subcontractors and sub-subcontractors for which a waiver is sought, and that such coverage is in conformance with the types and limits of insurance specified below.

All liability insurance policies, other than the Professional Liability, Worker's Compensation and Employers' Liability policies, obtained by Bidder to meet the requirements of this Contract shall name the City as an additional insured as to the operations of the Bidder under this Contract and the Contract Documents and shall contain severability of interest provisions.

If any insurance provided pursuant to this Contract expires prior to the completion of the work, renewal Certificates of Insurance and, if requested by the City, certified, true copies of the renewal policies shall be furnished by Engineer thirty (30) days prior to the date of expiration. Should at any time the Bidder not maintain the insurance coverage required in this Contract, the City may cancel this Contract or at its sole discretion shall be authorized to purchase such coverage and charge the Engineer for such coverages purchased. The City shall be under no obligation to purchase such insurance, nor shall it be responsible for the coverage purchased or the insurance company or companies used. The decision of the City to purchase such insurance coverages shall in no way be construed to be a waiver of its rights under this Contract.

Certificates of insurance, reflecting evidence of the required insurance, shall be filed with the City's Representative prior to the commencement of the work. Bidder shall not commence work under this Contract until it has obtained all insurance required under this paragraph and such insurance has been approved by the City's Representative, nor shall the Bidder allow any subcontractor to commence work on its sub-contract until all similar such insurance required of the subcontractor has been obtained and approved.

Evaluation of Proposal Guidelines

City of Apalachicola Procurement and Purchasing Policies

Evaluation of proposals shall be conducted in accordance with City of Apalachicola Procurement and Purchasing Policies as follows:

- The City Manager shall determine the Evaluation Group that will best serve the needs of the City.
- Members of the Evaluation Group are prohibited from discussing a project with any professional or professional firm that may submit a proposal during the procurement process, except in formal meetings.
- Only written responses of statements of qualifications, performance data, or other data received by the publicized submission time and date shall be evaluated.
- The City will only award contracts to respondents that possess the ability to perform successfully under the terms and conditions specific to the proposed procurement. When making such a determination, the City may consider factors including, but not limited to: record of past performance, strength of financial and technical resources, integrity, and compliance with public policy.
- The Evaluation Group may choose to conduct formal presentations/interviews with firms prior to final ranking.
- The Evaluation Group shall use the ordinal process to rank the firms. The respondents shall be listed in order of preference. The list of best-qualified respondents shall be forwarded to the City Manager and/or City Commission for approval prior to beginning contract negotiations.

Ranking and selection will be based on the following categories:

Criteria	Maximum Score
Ability of Professional Personnel	30
Past Performance	25
Location: Ability to Perform Work in Apalachicola	15
Recent, Current, and Projected Workloads of the Firm	25
Minority, Women, and/or Veteran-Owned Business Enterprises	5
Total	100

Contract Negotiation

The City shall negotiate a contract with the firm considered to be the most qualified to provide the services at compensation and upon terms which the Negotiator(s) determines to be fair and reasonable to the City. In making this decision, the Negotiator(s) will consider the estimated value, the scope, the complexity, and the professional nature of services to be rendered. Should the Negotiator(s) be unable to negotiate a satisfactory contract with the firm considered to be the most qualified, negotiations with that firm may be formally terminated. The Negotiator(s) shall then undertake negotiations with the second most qualified firm. Failing with the second most qualified firm, the Negotiator(s) may formally terminate negotiations, and may then undertake negotiations with the third most qualified firm. Should the Negotiator(s) be unable to negotiate a satisfactory contract with any of the selected firms, the Selection Group may select additional firms in order of their competence and qualifications, and the Negotiator(s) may continue negotiations in accordance with City of Apalachicola Procurement and Purchasing Policies until an agreement is reached or until a determination has been made not to contract for such services.

Notwithstanding the foregoing, this section shall not be construed in a manner that would conflict with rejection of the RFP. The City reserves the right to accept or reject any statement of qualification as may be deemed necessary by the City to be in its best interest. The City further reserves the right to waive all informalities, and reserves the right to reject all nonconforming, unresponsive statements of qualifications. The City reserves the right to reject the statement of qualifications of any firm or individual if the City believes that it would not be in the best interest of the City to make an award to that firm or individual, because the statement of qualification is not responsive or responsible, or the firm or individual is unqualified or of doubtful financial ability, or fails to meet any other pertinent standard or criteria established by the City.

Cone of silence/Prohibition on Communications

To ensure fair consideration and consistent and accurate dissemination of information for all proposers, the City prohibits communication to or with any department, employee, or agent evaluating or considering proposals during the submission process, except as authorized by the City's Procurement Division representative. Additionally, the City prohibits communication initiated by a proposer to any city official or employee by evaluating or considering the proposals (up to and including the City Commissioners) before the time an award decision has been made. Any communication between a proposer and the City required to obtain information or clarification for preparing a proposal or to enable accurate evaluation of a proposal will be handled solely through the Procurement Division staff as the single point of contact. Any communications initiated between the proposer and the City outside these parameters may be grounds for disqualifying the offending proposer from consideration for award and/or any future proposal.

During the Cone of Silence, no person may lobby on behalf of a competing party in a particular procurement process. Violation of this provision shall result in disqualification of the party on whose behalf the lobbying occurred.

The Cone of Silence is the period between the issue date of the procurement and the time the City awards a contract.
